# The Wise Saying of a Great Business Man

When you get a good customer strive to keep him, but when you get a bad one strive to keep yourself. The Mc-Caskey System will help you to this end. The desirable customer will appreciate and is really entitled to an itemized statement of his account with each purchase. The Merchant can furnish it to him with no extra cost or labor with the McCaskey System. The undesirable customer don't want to know, neither does he want his merchant to know what he owes. The McCaskey System keeps both posted.

Take the wise saying of the great business man; keep your good customer by furnishing him with an itemized statement of his account. Keep yourself from the clutches of your bad customer by keeping yourself posted.

> The McCaskey Register will do this; why not buy one?
